

Your Partner in Safety Compliance

Don't let drug & alcohol useage compromise the safety of your workplace. We're here to help.

- ✓ **Pre Employment & Random Drug Testing**
Let us customize a testing program to fit your company's needs & help maintain your workplace safety protocols. We will facilitate your pre-hire testing processes & implement a random testing program.
- ✓ **Testing Made Simple**
*With our extensive network of nationwide testing facilities, we can send collection site details & testing orders directly to your employee, no matter where you are located. Tests are tracked & monitored from collection site to the lab. Results delivered fast, directly to you. Customizable rapid screening devices are also available.
- ✓ **Reasonable Suspicion Training**
On-demand safety courses for substance abuse identification. This is a requirement for staff in a supervisory role to employees in safety-sensitive positions
- ✓ **Drug & Alcohol Policies**
*Having a current drug & alcohol testing policy is critical for your business for establishing safe work environment standards and protecting your company. We can customize a policy to your specific needs or help revise your existing one
- ✓ **Driver Qualification Files**
*Recieve text alerts when critical requirements are are nearing expiration so your files stay current, organized, and compliant. We'll manage your employee files & keep them up to date. DQ files are a DOT requirement for any driver, CDL or Non-CDL driving 10,001+ lbs
- ✓ **DOT Clearinghouse**
Regulations require your DOT drivers have their drug & alcohol testing history checked upon hire & annually to ensure no violations are present. Let us take the confusion out of when & how to run your full & limited queries and what to do in the event of the unexpected

Did you know???

Drug & alcohol use
contributes to 65% of
workplace accidents.
