

## Establishing a zero-accident workplace

### **What is the *zero-accident workplace*?**

Creating a *zero-accident workplace* begins on Day 1 and continues throughout the risk control servicing process with our clients. We will utilize our expertise, experience and empathy to achieve client success with the *zero-accident workplace*. The *zero-accident workplace* is a belief system, as well as a total approach to worker health and safety. It's a means of:

- Reducing accidents.
- Increasing productivity.
- Enhancing quality of life.
- Ensuring profitability.

We must ensure our clients have the following key safety components in place:

- Incident management.
- Prevention.
- Compliance.
- Safety awareness.

We must impress upon our clients the positive impact the *zero-accident workplace* will have on the following:

- Employees.
- Quality.
- Efficiency.
- Production.
- Growth.
- Hiring.

## Establishing a zero-accident workplace

Within the *zero-accident workplace*, we will do the following:

- Assist our clients in developing a mindset within their whole organization that accidents are totally unacceptable.
- Encourage the correction of unsafe conditions and intolerance of unsafe behaviors.
- Create an environment of proactive and urgent behavior towards safety with our clients.

The benefits of the *zero-accident workplace* include:

- A positive impact is made on the quality of people's lives.
- The teamwork of management and employees helps to minimize accidents.
- Recognition, correction and prevention become the goals of each employee.
- Operational productivity is increased.
- Product and service quality is increased.
- Employee turnover and absenteeism is reduced.
- The reputation of the client is enhanced.
- The best people are attracted.
- Property damage is reduced.
- Lives are saved.
- Success is celebrated.
