

Advocacy 24/7 Triage

Don't let a minor injury become a major expense.

UFG Insurance understands that people are at the heart of every business. And when an employee gets hurt, we provide the deep expertise, dedication and compassion needed to help injured employees on the road to a speedy recovery. That's why UFG is proud to partner with CorVel to offer 24/7 medical consultation triage for the employees of work comp policyholders.

HOW ADVOCACY 24/7 TRIAGE WORKS

Before an employee receives medical consultation for a work-related incident, an employee calls CorVel's Advocacy 24/7 Triage toll-free number 844-842-2674 to receive medical consultation that supports the employee by determining their immediate medical needs. A call to Advocacy 24/7 Triage Telemedicine is for medical consultation only and is not a notice to UFG of a claim. When telemedicine or referral to a medical facility is recommended, it's necessary for the employer to complete the state specific First Report of Injury (FROI) and submit it to UFG to start the work comp claim process. If the injury results in first aid or self-care treatment only, a FROI is not needed unless medical care becomes necessary in the future.
